1. We behave and comply with laws
2. We respect our colleagues
3. We ensure healthy and safe working conditions
4. We protect our assets and confidential information
5. We respect fundamental human rights
6. We never make unlawful payments
7. We choose our business partners carefully
8. We avoid conflicts of interest
9. We compete fairly
10. We operate in an environmentally responsible manner

## 2 COMPANY DESCRIPTION

WellPartner is based in Norway and specialises in delivering high-quality services and supplies to the oil and gas industry. The company provides a broad range of technical expertise and equipment, focused on subsea, drilling, completion, and well intervention operations. Traditionally active on the Norwegian Continental Shelf, WellPartner expanded its operational footprint in 2024 to include the UK and African markets.

WellPartner’s product portfolio spans eight core areas, including high-pressure riser systems, tension systems, the WellSafe family of weak link products, umbilical deployment systems, casing landing assemblies, a diverse selection of rental equipment, virtual design and construction services, and bespoke product development. A key element of WellPartner’s mission is to support efficient, low-waste operations by promoting reuse and optimisation of leased equipment, helping to reduce both emissions and environmental impact. A significant portion of the company’s revenue is derived from leasing specialised riser systems for operational deployment.
